Yeah, I'm a Senior, so what about it? So what if there's only a few weeks of school left, and I'll be out in the big, bad world! Can't wait till all the Senior parties . . . Wow!! Well, graduation night is almost here. I'll walk across that stage, grab that diploma, say, 'Thanks, mister,'' and run. But suppose I don't know where I'm running to? Before, all I did was follow the crowd. I knew I could always find someone at a game, a party, draggin' Main, or chowing down at Burgerland, but now it's gonna be different. I'm gonna leave all my old friends behind and try to make it own my own. I've always had the security of being surrounded by my friends at school. Now we'll be going our separate ways. I wonder how long it'll be before all the memories of these good times fade? Well, I guess, in a way, everything is just now beginning.
